

# HEALTH CARE FOR AMERICA NOW!

July 21, 2009

Dear Representative Hirono,

We are writing to thank you for your committee vote on HR 3200 - **America's Affordable Health Choices Act**. This historic bill will make quality health care more affordable for Americans who get their health care at work, and make good, affordable health care available to families and small businesses who currently have no other options. We also appreciate that the bill is fully funded by savings in the current system and a small surcharge on the wealthiest Americans.

Please let us know what we can do to help you in any way in communicating about this to your constituents, or in working with colleagues on the Hill to pass this critical legislation on the floor.

Sincerely,

Richard Kirsch

National Campaign Manager
